To Whom It May Concern:

Regarding FCC submission: YZU-SRCED2; this application was originally filed on 7/19/2011 with an incorrect FCC ID. The FCC ID listed in the ID label exhibit file and the confidentiality letter exhibit were correct, however due to an administrative error on the original application form, the application was filed without the hyphen. A corrected application was obtained, and the filing corrected. No change was necessary to any previously provided exhibits.

Should you have any questions or require clarification, please feel free to contact us.
